**Port Of Los Angeles and Port of Long Beach
Health Impact Assessment Scoping Meeting**
*Convened by the Environmental Protection Agency Region 9, and
co-facilitated by Human Impact Partners*

Agenda
February 10, 2010

Objectives:

- EPA convening stakeholders meeting to begin a scoping process to identify the need, benefits and scope of work for a port-wide health impact assessment
- Collect data from participants about existing data sources and potential mitigation strategies of negative health impacts
- Identify critical elements to be included in the scope of an assessment of health impacts from proposed expansions of the Ports of LA and Long Beach
- Identify data relevant to the prioritization of issues to be included in the final health impact assessment scope
- Present the timeline and next steps required to revise and finalize the port-wide Health Impact Assessment scope
